

Merry Christmas
CLASS IV

December NB1

A Ray of Hope

NEWS
BYTES

Winter is a season of joy and warmth. We present the December News Bytes edition with gratitude to all the parents, students and the management for their support and enthusiastic participation in the different activities organised since June 2020.

Fancy Dress is one of the events that gives children a chance to portray their favourite characters that stimulate their interest.

Literary Competitions in English and Hindi were conducted virtually to help the students hone their skills and to combat their fear of facing the audience.

Virtual Quizzes were of great fun and excitement. Our junior Quiz Bees were motivated, stayed focussed and kept moving forward to gain more knowledge.

Flower Arrangement Competition - Creation of colourful arrangements of vibrant flowers was another challenge for the students. Their splendid job of arranging the seasons blossoms and ferns was a surprise as usual.

Step Up - The participants displayed their talent by showcasing their lively dance performance. It was a thrilling experience to bring their performance directly to the living rooms.

Festivals and Celebrations - The students posted photographs of family celebrations both religious and national festivals. The Teachers' Day and Children's Day celebrations with a wide array of programmes was heartwarming.

Assemblies - To seek God's blessings in everything we undertake is the purpose of having class assemblies. It is a wonderful opportunity to interact and to instill moral values in the students.

We Cop - The traffic police of Hyderabad with coordination of HCSC organised virtual We Cop programme for classes 4 to 7. It was an initiative to promote awareness among the students on road safety.

Hosting virtual celebrations has now become a normal trend due to the pandemic. Our students never fail to astonish us with their zeal and zest to reach the zenith. By the grace of the Almighty, we look forward to a blessed, safe and a blissful New Year.

Merry Christmas
