Lifeline Club Activities - 2014 - 2015

10th August , 2014

Lillipur

Rural Development Centre, Girls

LifeLine members and NCC Cadets

With this belief the members of the Lifeline Club, under the able guidance of Rev. Bro. Anthony Reddy, our Principal has adopted a home for the underprivileged in Lillipur village, 20 kms away from Shamshabad airport (Rural Development Centre, run by Ancillae sisters).

On 10th August, 2014, the members of the Club, a few teachers and our Principal visited the Home, which houses 60 girls, between the age group of 15 and 18 years. Here for six months these girls learn stitching, painting and embroidery work.

The Home is run by sisters, where they also have LKG and UKG classes for the children of the village. The children recited nursery rhymes, they are friendly bold and obedient.

The girls showcased their talents by exhibiting their work. The Lifeline Club, distributed stitching and embroidery material like needles, threads, paint boxes, cloth and whatever they needed. Biscuit packets were also distributed. The Home was given Rice, Dal, Oil bought from the club amount which is a contribution of the parents of our school.N.C.C. and Lifeline members visited the village in the first trip.

On 10th of August the members of the Lifeline Club visited a home for the underprivileged girls in Lillipur. We distributed chocolates to small children and gave stitching materials to the girls. We saw some of the amazing artworks done by them. We feel happy to have helped them.

Sharing is Caring

A memorable visit to Lillipur

Making a difference

Students exhibiting their talents

24th August, 2014

Lillipur

Rural Development Centre, Girls

Senior Cabinet Scouts and Guides

During this visit uniform material for the LKG and UKG students was taken, about 120 + 100 meters of cloth, to stitch shirts, shorts and pinafore for the students.

Students also distributed chocolates to the inmates.

Senior Cabinet members and 50 Scouts and Guides visited the place. The inmates also taught the teachers and students the Bathukamma dance. Students interacted with the students. Students were also taken to the paddy field and a Government School upto VII standard.

It was on the 24th of August, 2014 that the Senior Cabinet members, along with the Scouts went to the beautiful village of Lillipur. It was a very refreshing and memorable experience and the pleasure of knowing about the totally different lives of the sixty versatile people was completely overwhelming. The parrot-green fields gave a soothing feel to our souls. It was altogether an unforgettable and cherishable experience.

Those widespread fields, those blessed girls, that fresh and pure wind, that peaceful villages – it all happened on the 24th of August 2014. The multi-talented girls welcomed us all with a cheerful smile. We had a first time experience of the local festive dance called Bathukamma. We distributed biscuit packets which we bought for them. It was an enriching experience and I thank our Principal Rev. Bro. Dr.A.Anthony Reddy for giving us this opportunity.

Lillipur

Rural Development Centre, Girls

Deputy Cabinet members, Leaders, House

Captains VII, VIII & IX

Deputy Cabinet members, Class Leaders, Secretaries and House Captains of Classes VII, VIII and IX visited Lillipur.

Students distributed Lays packets, taught the girls Rangoli and Paper Making – Craft work. Visited the paddy field and the government school, where the students met the Principal and gave charts on Science subject. Sir, said their requirements were benches and tables.

The students from class 7 to 10 from our school were taken to the Lillipur village. I was a part of the trip. In Lillipur, We visited the home for the orphan girls and distributed chips packets to them. We were awe-struck by the natural beauty and saw the amazing artworks done by the girls. Overall, we were very happy to have helped somebody wholeheartedly.

It was a day off from our normal routine. No pollution, no sound this was a trip to Lillipur. We distributed chips packets to the orphan girls there. Some other students exhibited their skills. Giving, gives so much of happiness. We also saw those cute little rabbits. We were surrounded by greenery and Brother briefed us about the various kinds of plants which we saw there. We also went to a nearby Government School. We had an interaction with a manager and also a student of that school. It gave me a lot of happiness.

Lillipur, Dubbacherla and Thimmapur

Rural Development Centre, Girls, Government School and Home for the aged

Class VII

We were so excited to visit Lillipur. The day has come, we all started from school at 1.00 pm. and reach Thimmapur.

The place Thimmapur was so beautiful. There is greenery everywhere. We saw wheat, corn, maize fields. We have also seen vineyards. It was so pleasant with sounds of birds and hens. We have reached the Maria Sadhan Home of Hope. We distributed sarees to the old women. The women have families but they are not interested in them. They feel peaceful in the old age home more than in their house. They felt very happy when they saw us, we were there only for half an hour but still they were happy. We have seen a church just beside the road while we were going to Lillipur. We reached Lillipur. We went to a school named National Programme Elementary Girls Model Cluster School. We distributed biscuits which we bought. We went to their classes they were very talented children. They use the charts which we gave. They all were happy to see us here. Then we went to St. Maria's Nursery where all the children were so cute and awesome. We distributed the biscuits and sweets to them. They were so happy.

Just beside the nursery there were young girls who were so talented and the place was so beautiful, there were many types of glowers. There a fruit known as passion fruit which is so costly and that fruit grows there. There is a church in that place. The girls there were making hats with cloth. They have done the glass painting very well and at last it was time for us to leave after an amazing experience. We started there at 4.10 pm. And have seen many fields and greenery in between the journey and reached the school at 5.30 pm. I hope I will visit Lillipur again.

I hope everyone contributes a little amount as the school NPEGEL has no benches.
Thank you! Brother and Teachers for choosing 7th class to visit Lillipur.

Margaret Merlin, Class VII D

1. "The noblest question in the world is, what good may I do in it."

This saying of Mark Twain is true in every form and to imbibe the same, our school took us to an old age home and a school for the poor.

We started on 23rd of September at around 1.00 pm. to Lillipur. After a long time, when we neared the outskirts we could find a lot of greenery in the form of paddy and maize fields. We also saw a lake on the way to Thimmapur.

Maria Sadhan Home of Hope. We met many old ladies who shared their feelings. We distributed the requirements. The ladies there interacted openly with us but with a tinge of sadness. One of the ladies told us the importance of respecting elders. She inspired us. She also remarked that even after being disowned by her family, she finds peace in the home. The secret of their happiness lies in understanding others feelings, consoling and helping each other. We also found peace of mind

ourselves speaking with them and knowing more about their lifestyle. We left the place quite contented with what we saw and learnt.

And then we left for Dubbucharla where we visited a Government school. This was the primary section. We offered them biscuits. We saw their class rooms which even though had primitive amenities, were decorated with projects made by the students. After exploring more of the school, we interacted with the students of the school.

Our next stop was the home. We first met the small kids and gave them snacks too. As we proceeded further we saw a number of girls of different ages stitching clothes and knitting wool. We distributed snacks among them too. We felt happy to know that our school installed an RO water purifier to ensure safe drinking water in the school which we inaugurated. The remaining time was spent close to nature. We saw turkeys, rabbits, ducks and a dog. We even visited a garden full of beautiful flowers, since we had limited time we immediately started for school.

We would like to thank our Principal Dr. Bro. A. Anthony Reddy and our teachers for giving us this opportunity of knowing world out of our comfortable life. This outing mainly taught us that we must respect our elders and that true happiness comes from within us and it is greater than the joy received from luxuries.

**Manchanapally Village
Class IX and NCC Cadets**

K. Rahul, IX E, R.No-36

On 25th October we went to Manchenpalli village. At around 1.20 p.m. We started from our school and reached there by 3.20 p.m. straight way we went to inaugurate the R.O. water purifier at a church. Two of our cadets along with our Principal cut the ribbon. Our Principal explained us the life of the people at the village. We then went into the church after that we started interacting with the people. We met a nice man named Dominic Reddy. Then we gave some biscuit packets which we had brought. They gave us some snacks and cool drink.

After this we went into the cotton field. While boarding the bus the villagers gave us some curry leaves and a bottle guard which we distributed among us. Near the village there was a canal some of my friends got into the canal and enjoyed themselves.

This was an amazing experience. After seeing the smiles on their faces I felt very happy. After meeting them I felt very happy.

A. Gautam, IX C, R.No-30

It was Saturday when we boarded the bus here at 1.00 p.m. and till we reached there it was 3.15 p.m. When we reached the village Manchenpalli they all welcomed us with great joy and happiness. All the cadets of NCC and Principal inaugurated the Reverse Osmosis (R.O) plant. After that we all went into the church and they served us snacks and cool drinks with deep gratitude. Then we went to the fields of cotton, tomato, bottle guard. While returning they gave us fresh curry leaves, bottle guard and corn. On the way back we the NCC cadets got down into a canal and played in the canal with wet dresses we got into the bus and played games.

As the token of gratitude we gave them biscuits by seeing their respect towards us we felt very thankful to them

C. Sumanth, IX B, R.No-46

It was Saturday 25th October, when we boarded the bus at 1.00 pm. It was 2hrs. of trip to reach Manchenpally village. We reached there at 3.15 p.m. First the people living there welcomed us by giving us some biscuits. Then we all gathered near the room where the Reverse Osmosis System was placed. All of them assembled near that system. Then we the cadets and our Dear Principal inaugurated the system. After some time we visited the church there and they served us some snacks. After having some snacks we visited the field which were filled with corn, cotton, cucumber and tomato plants. Then we all visited their houses and asked them some questions about the village. After asking them some questions we all boarded the bus and came back to school by 7.00 p.m. It was a very wonderful trip to the village and we all enjoyed a lot at the canal while coming back to school.

A MEMORABLE EXPERIENCE

V. SHRUTHI, IX C R. No - 41

Happiness is some thing which no one can buy with money. We feel happy when we spend time with over family members, hanging out with our friends, but the true happiness lies in bringing smiles on others faces. Our school has organized a trip to Dubbacherla (Lillipur) village and I was lucky enough to be one of them. We have organized a programme to entertain those people who were underprivileged.

It was on 15th November we left to (Lillipur) Dubbacherla at 8.30 a.m. We were a group of 33 students, accompanied by two teachers and our Principal. We all have reached there by 10.00 a.m. We have entertained them with our dance, songs and a funny skit. The students of Kendra PradaniKonatha were also present there and have entertained us with their dances which they have learned on different songs. After the programme we had our lunch and started to the government school Kendra PradaniKonatha. We had an interactive session with those small children who were mostly from 4 years to 10 years. We have enquired the students about their feelings, about the benches which we have gifted them. I was very much happy to see the smiles on the faces of those children. The place was very beautiful with greenery spread all over. It was time to bid good bye to them.

I would like to thank our Principal Rev. Bro. Anthony Reddy for giving us this wonderful opportunity to visit Lillipur and see the smiles on the faces of the needy ones. Finally this trip was the most memorable one to me which I would never forget in my life.

A MEMORABLE TRIP TO LILLIPUR (DUBBACHARLA)

G. SHRAVYA, IX E, R. No – 44

Happiness is the best thing which we can gift to anyone. If we bring smile on others face we inturn receive happiness which is felt by our heart. And I was lucky enough to spread happiness and bring smiles on others faces. Our school had organized a trip to Dubbucharla where the Kendra PradhamikaKonathaschool is situated to perform and entertain them on the occasion of Children's Day.

On 15th November at around 8.30 a.m. a group of 33 students, 4 staff members and our Principal left for Dubbucharla. We reached there at 9.30 a.m. We were so happy and felt so relieved by seeing the greenery which was spread all over. We went to the Home for girls where the children were eagerly waiting for us. We felt happy by seeing them and the time came when we had to start the programme. As every time the programme was started by taking god's blessings. The

Chief Guests for the programme were Mr.Sneha Suresh, the Upasurpanch of the village and JPCT Eshwar. The programmes were filled with colours of life and happiness. A funny skit, two group dances, a group song were performed by us which bought smiles on their faces. Then we went to the school and interacted with the students and distributed the biscuit packets which we brought. Our eyes were filled with tears when we saw their eyes full of happiness and gratitude. We had an interaction session where we got to know their feelings and needs. We promised them to fulfill their needs soon and would often come to share their feelings. Lastly the time came when we had to bid good bye to them and come back to our school.

This was a memorable trip in my life. It taught us the true happiness of life and this was only possible because of our Principal Rev. Bro. Dr. A. Anthony Reddy and our beloved Mohila Madam. I would like to thank them on behalf of our whole team for giving us this opportunity.

A TALE OF OUR VISIT TO LILLIPUR

ESHWAR IX B, R.No. – 30

Every man has an obligation. His obligation is to fulfill his children's basic needs. But some people due to some reasons fail in doing so and hence these homes for the underprivileged have formed. I had the privilege to pay a visit to such a home. We started from our school on 15th of November, 8.30 a.m. with a group of 38 members including our Principal to Lillipur which is also known as Dubbacherla.

After we reached Dubbacherla, we moved to the Home for the Children's Day programme. The programme started with a prayer followed by a skit and two dances. Even the students of Kendra PradamikaKonata School entertained us with their graceful dances and melodious songs. The programme ended on a grand note. The students thoroughly enjoyed our performances. We then had our lunch and started to a government school nearby. Our school donated benches to that school. We had an interactive session with the students. Every student has a dream, so we inspired them to work hard to achieve it. Every beginning has an end. So we had to bid good bye and we started to our school. It was an amazing experience.

We would like to thank Rev. Bro. Dr. A. Anthony Reddy for giving us this opportunity.

TRIP TO LILLIPUR – A MEMORABLE ONE,

K. VAISHNAVI, IX C

We can get happiness by hanging out with friends, spending time with family etc. But true happiness is when you help others and get a smile on their faces. I felt lucky enough to experience this 'True happiness' by having the privilege to meet the people in need and watch those adorable smiles filled with gratitude.

A group of thirty three students including two teachers and our Principal started to Lillipur also known as Dubbacherla on 15th November at 8.30 a.m. it is a beautiful place filled with greenery all over. We went there to conduct the 'Children's Day' programme which included dances, skit and songs. Even a few students from 'Kendra Pradamkonata' performed in a very impressive manner. We also distributed chocolates and biscuits to the students. The entire programme was very

entertaining and everyone enjoyed it thoroughly. After lunch, the entire group went to Kendra Pradamkonnata School to interact with the students about the benches that our school donated. The students were very happy as they experienced studying on the benches for the first time. While interacting with the students, we got to know that each one of them had the... to serve the nation as all the girls wanted to become teachers and the boys wanted to become police officer in their future.

It was time to bid good bye to those amazing kids with their adorable smiles. It was seen on their faces, that their heart was filled with gratitude and happiness. This experience will stay with me life long, as the happiness you get while helping someone is something that you cannot express with words, but something that will stay in you're heart for ever.

I would like to thank our Principal Rev. Bro. Dr. A. Anthony Reddy for giving us this opportunity to have this wonderful and memorable experience.

OUR TRIP TO LILLIPUR

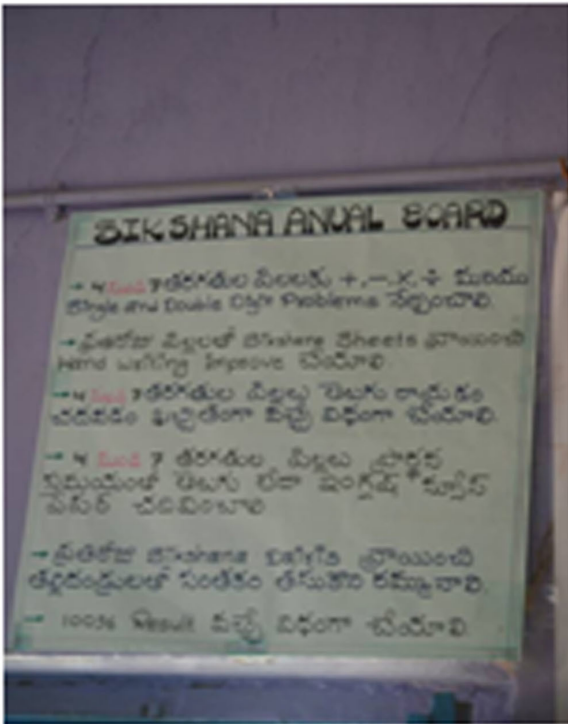

REVATHI. P, X D, R.No – 42

Many things can be bought with money, but money is something that can't buy us happiness. Helping someone who is in need is that one thing that can bring a lovely smile on their face. I had this lucky opportunity to visit and help some of the people who were in need.

It was on 15th November that we left to Lillipur (Dubbarcharla) at 8.30 a.m. A group of 33 students, 2 teachers and our Principal reached there by 10.30 a.m. It was a beautiful place with greenery spread all over. We then went to Home for girls to entertain them. The programme started with a prayer followed by a play and dances. Every one had an amazing time watching our programme. The most interesting part was that even the students of 'Kendra Pradamikonnata' entertained us with their flawless dances and melodious songs. After the programme we distributed the biscuits and chocolates that we brought for them. We felt really happy seeing the smiles on their faces. After that we went to the government school which was near by we interacted with them. I..... them that every thing's going to be alright and I told them to live life to the fullest and only the best is good enough and enjoy the present whatever the situation may be. They even responded very well. Our school also donated benches to the students of the government school so that they can read and write comfortably. The time came when we had to say good bye to them and.... We then left from there to school and reached here by 4.00 p.m.

Finally it was a wonderful experience which I think I can never forget in my life. All this was possible because our Principal gave me this special opportunity. I would like to thank Rev. Bro. Dr. A. Anthony Reddy my Principal.

Orphanage, Home for the Street Children, Orphanage
Class IX, Girls

VISIT TO ORPHANAGES

AYESHA SALEEM, IX - C, R. No – 6

I Ayesha Saleem of Class IX C would like to express my views on my visit to different orphanages.

On 21st November, afternoon a group of 10 students accompanied by Mohila mam left for BalikaNilayam, a guild of service SevaSamajam at Vijayanagar Colony. After we reached there we had a little interactions with the girls and distributed them chocolates, wafers and gifts that were collected. It was good to know that each and every girl was studying.

After leaving that place we went to a residential hostel for girls at SeethafalMandi. We were pleased by the welcome song, sung by the girls. We distributed chocolates and lays packets and gifts. We were very happy by the way they addressed us as 'Sister' and were very happy by the way they interacted with us.

And by 4.30 p.m. we reached Ramanthpur where we visited Montfort Nilayam and Montfort Bhavan which is very big and beautiful.

At Montfort Nilaym, after having a interaction with the boys and distribution of biscuits and chocolates and gifts we were very much pleased by the song sung for us by a boy. We also got to know that the boy also acted in a telugu movie. At 5 pm we left for school.

We felt very sad for all the children. I would like to that our Principal Rev. Bro. Dr. A. Anthony Reddy for giving us this opportunity to get to know how lucky we are to have such loving and caring parents. I would also thank Mohila mam for accompanying us.

ASHINI MATHUR, IX A, R.No – 7

Good Morning to one and all. I take this opportunity to express my views on my visit to BalikaNilayam, VedikaNilayam and Montfort Nilayam.

On 21st November, we started from the school at 2.25 p.m. with Mohila mam and a few more students of 9th class. We were excited to meet them. First we visited BalikaNilayam which is at Vijaynagar Colony. It is the early intervention school for learning impaired. We distributed biscuits and chocolates, blankets, bedsheets, towels, girls, dresses, soaps and detergents.

Then we visited VedikaNilayam which is at Sitafalmandi at Secunderabad. It is a residential hostel for girls. There girls welcomed us by singing a song. We interacted with them and played many games. It was an enjoyable moment with them. I was feeling very sad for all of them because they do not have parents. We are all lucky to have parents. We said good bye and moved to Montfort Nilayam. It was 5 pm when we reached Montfort Nilayam. When we reached we saw children playing games. We distributed chocolates, biscuits and wafers. They sang songs for us. Montfort Nilayam is at Ramantapur. We also saw Montfort Bhavan.

Lastly I want to say that we need to help these needy children generously. I thank Rev. Bro. Dr. A. Anthony Reddy for giving us this opportunity to visit these places. I also thank Mohila mam for guiding us.

AshaJyothi

Home for Aids Patients

Class X D and X E

**A MEMORABLE TRIP TO ASHA JYOTHI
(AIDS Rehabilitation Centre)**

KARISHMA.K, X – E, R. No - 16

A report on social service conducted by our school to AshaJyothi Foundation held on 23rd November, 2014.

A group of 15 members comprising of students, teachers and our Principal Rev. Bro. Anthony Reddy, had a long cheerful and a memorable social outreach venture to AshaJyothi, which is a non government organization which helps the people of HIV / AIDS cause. It was a bright sunny, Sunday we all had assembled in the school and left for the organization around 8.00 a.m. and reached there by 9.30 am. On reaching the organization we were warmly welcomed by the director, Staff and inhouse members. We went into the training hall lead by the director and father informed about the disease. A boy named Naveen Kumar studying in class 10th asked us a question, "How is that all of you are studying in the same class like me, so tall?" The disease has stopped the growth and development of the people. It was a painful sight. Then we went into the training hall and the father (Director of association) gave us a brief history of the disease, organization inception its vision, objectives and activities. They told us that the in 2006 the organization held counseling to aware the people about this deadly disease. Even protection was provided to many of the affected people. Many patients were brought here when they were in the last stage and they died. They informed us about the modes of transmission of the diseases, symptoms and treatment aspects. We were even told the stands of Human Immuno efficiency and AquiredImmuno Deficiency Syndrome. They even started PPTC i.e. prevention from parent to child program, blood donation camps and many more. They saved more than 400 people. Then we were taken around the campus. Now we went into the medical room where the cases of the patients were entered into the reports. First when they started the organization they had a doctor who would charge but the doctor helps the people free of cost and if the patients are serious the patient is sent to the doctor and the doctor treats them. Counseling is given to patients at all levels and they encouraged the people. Then they took us to the medical room to cure one patient every day tablets are given free of cost. And a box of tablets costs Rs. 3000 – 4000. We went to the ward I were the male patients are kept we had an interaction with them and we encouraged them, then in ward II we had female patients. There were four of them from which one was expecting, she was actually worried if her child would be affected by aids, and we encouraged her and we were told that she was given PPTCP. It was a heart touching experience. We all of ours were feeling bad. We were taken to the dining area there was a chart kept which was given to patients every day. Then we went to the St. Arnold's block which had children effected. We introduced our selves to each other, they were full of life, energy and a will to be happy and live. After a lot of interaction with each one we asked them to recite a poem. They completely impressed us by saying poems in different languages and with their dance. After this they entertained us with their dance which was mesmerising and asked us to join them in tapping of the

toe thus we joined them in dance. Our little dance with them just made them full of life, they were so happy seeing us involved in them. The Director and a few students honoured us by giving bouquets to our Principal Dr. Bro. Anthony Reddy, Mrs. Mohila Rani and our students representative Jeenandra Kothari. After this we bursted Crackers with them. Then they came near us and tied friendship bands which touched my heart. Around 12.45 we started back home, while we were boarding our bus we took the autograph of Naveen Kumar. He actually was so attached with us that he came and sat with us in the bus. We were having not only having memories but a sense of responsibility to be a better citizen of this country and help the society.

A MEMORABLE TRIP TO ASHA JYOTHI – Rehabilitation Centre M. CASANDRA FRANCIS, X – E, R. No.20

A report on Social outreach Extension Activity to AshaJyothi Foundation held on 23rd November 2014.

A band of 15 members compressing students, teachers along with Rev. Bro. Dr. A. Anthony Reddy, the Principal of our school had a day long social outreach venture to AshaJyothi Foundation Non-Government organization working for HIV/AIDS cause. We started around 8.00 am on Sunday 23rd November 2014 from the school premises and reached the institution by 9.30 am. On reaching the organization we were warmly received by the Director, Staff and the inhouse members. We were accommodated in a training hall and they updated us on many aspects of their organization for the betterment of the society. They gave us a brief history of the organizations inception, its vision, objectives and activities. We were told that the organization commenced in 2006 not just to conscienlise and create awarness on this dreaded disease, but also on protection and help provided to the affected ones. They enlightened us on the Etiology of the disease, its syptoms, modes of transmission, prevention and treatment aspects. HIV/AIDS we were told stands for Human Immunodeficiency and Acquired Immuno Deficiency Syndrome, which should be taken for life. They shared inputs on various schemes provided to youth and women, on PPTCP that is Prevention from Parents to Child Program, blood donation camps and so on. After lengthy briefing we were taken around the organization we visited medical room which had reports of 3,000 inmates that were checked by the doctor thrice a week free of cost. In case of emergency the victims are directly sent to the doctor from immediate treatment. They provide counseling to patients at all levels. They showed us the medicines that are given to sustain their life which costs nearly Rs. 2,000 – 4,000 thereafter we visited the male and female wards and interacted with victims. It was a heart touching experience. We were all taken to the dining arena and the father in charge showed us the menu served every day. We were then taken to St. Arnold's block which caters to 15 infected children staying there. We spoke to them, they were full of life, energy enthusiasm and vibrancies despite being infected with the disease. One child by name Naveen Kumar studying in class 10 the first question he put us was, " How is that all of you studying in the same class like I and are so tall?" at first it sounded hilarious to our ears, but deep reflection thereafters, tells us how that virus has hampered their growth and development. It was a pathetic sight. After a lot of interaction we wanted to break their serious talks with fun filled entertainment. The inmates gave us beautiful dance and song and thereafter pulled us to join them in tapping of feet, thus we too joined and danced along with them. We also burst crackers distributed refreshments and toys. The programme culminated with a short felicitation by the organization to our Principal Rev. Bro. Dr. Anthony Reddy, teachers representative Mrs. Mohila Rani and students representative Jeenandra at around 12.45 we started

back to our destination not just with unforgettable memories of this novel experience but also with a sense of commitment and responsibility as a citizen of this country for betterment of the society.

28thth Nov , 2014

Little Sisters of the poor
Home for the Aged
Musheerabad
Senior Cabinet

TAHOORA FATIMA ,X – A, R. NO – 44

It was in the afternoon of 8th of November, 2014, when we the senior cabinet members accompanied by Sister Rajith and Mr. Jaya Prakash set for 'Mother Teresa's Home' and the 'The Little Sisters of the Poor'. Little did we know then that this meeting would turn out to be such a beautiful experience.

We set out a t around 1.00 pm and reached 'Mother Teresa's Home' which was a place for the sick and the specially challenged people. There we had a nice time interacting with the sisters. They all enlightened us about their daily chores. We couldn't interact with the people over there as it was their nap time. We donated blankets, bedsheets, soaps and detergents, that were contributed by the students generously. Then we visited the chapel, which was their place of prayer. We were spellbound seeing the concentration with which they prayed. This made us realize the importance of prayer. We then took their leave and set out for the 'Home for the Aged' built by the association the Little Sisters of the Poor. This was a place which provided shelter for the old people. The sisters there welcomed us with smiles on their faces and gratitude in their hearts.

There we went around the home. Wow! Such an awesome place it was. We interacted with many ladies who shared their experiences with us thought they were very happy there, there was one thing that they always miss, that is the love of their children and grandchildren. They were all overwhelmed to see us each person we met had a new story to tell. The place was very pristine and clear. The sister who guided us was very jovial and we all had a very good time with her. We also met the oldest lady there who had crossed hundred. We greeted all of them with a 'namastey'. They told us that it was their home, away from home. We also met a handful of couples. We were all shown the kitchen, the laundry, the T.V. room, the library, the dining room, the exercise room and also the auditorium. They all worked together, ate together and enjoyed their lives together.

We were then taken to the church. The environment there was very spiritual. I was totally engrossed in seeking God's blessings. All this made me realize that nothing more powerful thana prayer. We the outgoing students sought their blessings to pass our examinations with flying colours.

I would like to thank Rev. Bro. Dr. A. Anthony Reddy for giving us this opportunity. It was an experience that we will cherish throughout our lives.

A word of Hope

29th Nov , 2014

**Anees-Ul-Gurba, VedikaNilayam- Boys
Orphanage for Boys and Girls
Classes VII and VIII**

**An Unforgettable day
Maria Michelle, VIII A**

We seven members of the Lifeline Club were given a chance to visit orphanages and Homes for the aged with Ms. Mohila Rani Ma'am. It was an unforgettable day of our lives when we visited these places.

On 29th November we went to many orphanages and homes of the aged. Our first stop was Anees – ul - kubalt was a orphanage home for all the children you were abandoned by their parents. It was a very sad situation as the children needed their parents love. We then distributed gifts to them and chocolates. They were very happy to meet us. Our next stop was Don Bosco, orphanage for boys. The boys where very happy when they saw us. We distributed chocolates to them. They warmly bid goodbye to us. We then went to VedikaNilayam – home of the boys at Ranigunj. We were welcomed with a welcome song by the boys. We were deeply touched when we heard it. We then interacted with all the boys and they told us their problem. The environment of that place was not suitable for the boys. We then distributed chocolates to all the boys. They were very happy. We then talked to the ma'am in charge of VedikaNilayam.

She told us something that shocked as a lot. She told that the children were found on the roads, in the dust bins etc. They were also infected with harmful diseases which with make them weak. We got tears from our eyes. We then went to a Home for the disabled people and talked to the brother there. Then the superior sister took us into the home and we very surprised to see the number of people in the home. They were over 150 people, I was touched to see their sad condition. Every person had some deformity or the other.

We then distributed chocolates and biscuits to them. Then one small disabled girl came and hugged us. It was a very happy moment for me. The sister then explained to us that they were born normal but when they were left in public places they were infected with diseases. We then bade goodbye to them.

On the bus, I thought that we are blessed with parent, good health and mostly all the facilities we need. Some are not blessed with these facilities and parent love and yet we want more hi tech things and take our parents for granted. So instead of asking for more thank god for parents and good health for that is all we need.

We then reached school at 5.00 pm and our Principal was waiting for us and appreciated us for taking our time to help these people. We should all be grateful to God for giving us such a wonderful life.

An Eye Opener

Ishita Sharma, Class – VII A

When at the starting of the year we were being handed out our subjects clubs, I did not ever expect that being a lifeline club member would teach me things that will forever be etched in my memory.

It was on the 29th of November, 2014, that seven students belonging to the lifeline club, including me, set out from our school in two vans for a noble cause. Two teachers, Ms. Mohila Ma'am, Ms. Asra Ma'am accompanied us. We started at around 2.00 p.m.

In a short while from our departure, we reached AneesullKuba – an orphanage home in Nampally. We gave them clothes, distributed chocolates, biscuits among them and interacted with them.

We then left the place for another orphanage home in Nampally – Don Bosco. Unfortunately, we did not get a chance to meet many children as they had gone to school. We, however, distributed biscuits among the rest of the children and handed over the chocolate packet to the lady in charge. We felt very happy to see the joy on the faces of the children when they received the chocolates. It brought peace to our hearts. Our next stop was slightly far from there. It was the VedikaNilayam at Ranigunj – Home for the boys. The lady working there told us that almost all of the boys living there were children of beggars. They were given all sorts of medicines harmful to their body from a very young age. It pained us to know that when they were brought to the home, it had become very difficult for them to stay healthy as their bodies had become accustomed to the harmful medicines. She also explained that while they tried their best to raise funds and create awareness, it was not always fruitful. We then were taken to meet the boys whose warm welcome song melted our hearts. We talked with them and they too responded happily. We again distributed a few biscuits and chocolates.

The last part of our trip made us all think. We have luxuries yet, we ask for more. We seldom thank God for the healthy and fit body that has given to us. I realized the value of my fit and strong body when we visited the Home for the specially abled. We were told that even small children were affected by various disabilities and so they were treated as inferiors, children, mostly girls, were found in half dead conditions near dust bins and drainages. Such babies were rescued and brought to the home. Even after being operated upon, their condition did get better, but left them disabled.

We all were pained to hear this story and the pain increased when we saw people of all ages with a number of disabilities in the home. Even though they were badly affected, they still did different kinds of work. Yet again we distributed biscuits and chocolates.

Visiting the Home for the disabled was the last part of our service. We left for school with a bit of satisfaction that we had helped a few people and a bit of helplessness that except a few people, nobody cared for the needy. We reached school at 5.00 pm. Spoke to our Principal with regard to our trip and he appreciated us for taking out time for this social cause.

The trip surely taught us the real meaning of both happiness and pain. I would like to thank our teachers and Rev. Bro. Dr. A. Anthony Reddy our Principal for giving us an opportunity to make this day an unforgettable one.

Memorable Experience

DhritisreeChhhabra – VII – A, R. No - 14

“Service to man is service to God”. – Swami Vivekananda

We the lifeline club members were given an opportunity to visit the Anees – Ull – Gurba, Don Bosco, VedikaNilayam and home for the disabled. We seven students were selected to visit these places.

Then the day arrived when we were taken to these places. It was 29th November, around 2 pm. We were ready to visit those places Mohila ma’am and Asra ma’am accompanied us

The first place we visited was Anees – Ull – Kuba an orphanage at Nampally. There we interacted with them and distributed chocolates, biscuits etc.. We felt very happy to see smiles on their faces.

The next place we visited was Don Bosco at Nampally it was also an orphanage for boys. There we did not find many boys as they were attending school. There we gave chocolates to the boys and rest we gave it to the person who was working there. Then we visited VedikaNilayam at Ranigunj. There the supervisor told us that most of the students were children of beggars who were forced to do begging but these people supported them and brought them here. The boys were taught and encouraged for their studies. There the boys welcomed us with a welcome song. We were very delighted to listen to them. Then we distributed chocolates, biscuits among them.

Then we visited the home for disabled which was our last place to be visited. There we were disappointed to know that the people who were staying there were found in the dust bins etc., since they were found near places such as dustbins their nerves got cut and their condition worsened to such an extent that a few of their body parts couldn’t function properly. We distributed biscuits and chocolates. It pained us to see their condition.

After that we reached school with sense of relief that we had contributed towards humanity. This sign of happiness will always stay with me in my heart.

I would like to thank Rev. Bro. Dr. A. Anthony Reddy, our principal for giving us an opportunity to visit these places.

SnehaNilayam

Home for the Aged Men and Women

Suryapet

Class VI

A visit to Suryapet

Aarthi D. Rao, VI – D

On Sunday that is 7th December, 2014 our school arranged a trip to SuryapetSnehanilayam. We reached there at 11.30 a.m. We went to a place where all old men and women were sitting. We gave some food items to them. They spoke in Telugu. They told us about their name, from where they came, how is that place to them, who left them there etc. Then we departed from them and went to the women's residence area where many women were sitting on their beds. We met a number of women some happy and some unhappy. Then we had to depart from them and went to the men's residence area. There we also met many men. Now we had to depart from this residence area.

We went to see a place where animals were there. We saw rabbits, hamsters, turkeys and dogs. Then we played a few games. It was time for lunch. We had our lunch and had to depart from there at 5.20 p.m. We reached our school. I felt very happy helping and interacting with those people. I thank our Principal for taking us to that heart touching place.

Trip to SnehaNilayam

N. D. Rishi, VI - D

On 7th December, 2014 Sunday, our school arranged a trip to "SnehaNilayam" – Home for the aged which was at Suryapet. As we arrived at SnehaNilayam we started to interact with the senior citizens there. The sisters there told us that there were 65 members in total. While interacting with them we also shared our snacks with them which made them very happy. After interacting with them we went to see the animals and birds there. We saw hares, rabbits, hamsters, turkeys, hens and cocks. We had our lunch and then played with our friends. We also saw a bio-gas system. Now it was the time for us to leave we said good bye to them. I told everything to my parents what we have witnessed there. I am so grateful to God that he had blessed me with a good and healthy life.

A sign of gratitude toward old age home,

T. Manish of class VI – B

I T. Manish of class VI – B studying in Little Flower High School very glad to be the member of Suryapet trip. We left our homes on Sunday morning 7.30 a.m. we reached our school. We all were getting into the bus. After a few hours of journey we reached the old age home. It's name was SnehaNilayam. It was maintained with cleanliness. I respect that old age home is a place where we can have peace of mind, speaking with the members of old age home reminds us the way world is. From our school as a sign of love different things like soap, biscuits, towels etc. were gifted to them. Our brother introduced the Principal and sisters of the home. There are two quarters. One is for gents and another is for ladies. We first went to the ladies quarters. There we heard real life stories which were very sorrowful to listen and after reaching the gents quarter we listened to their difficulties faced in life. But a sorrowful story was that of a man, a bus driver met with an accident and he lost his leg.

A visit to SnehaNilayam

N. Sriya, VI - C

On 4th December, the school planned a visit to Snehanilayam at Kodad. It was a unique and unusual experience as it was my first ever visit to the Home for the Aged.

About 25 students, 4 teachers and our respected Principal went on this special trip. Having assembled in the school by 8.00 a.m. we set off Kodad at 8.30 a.m. and reached Snehanilayam by 11.30 a.m.

We were welcomed by the Principal and Sisters of the Home. We were pained to see the deaf, dumb, blind, physically handicapped and old people. We interacted with them, asked for their names and introduced ourselves. During our interaction we learnt about their tragic pasts, the circumstances that landed them there, the loneliness that creeps through them. Having experienced only love and warmth, I was taken a back to see the new side of life. My eyes were filled with tears and voice choked with emotion.

During my interaction I understood that they look forward for such visits which make them feel loved and cared. I promised myself to make more visits when ever possible.

As we left the home a thousands thoughts played in my head, a thousand words wanted to burst out of my mouth in expression of my feeling. But nothing came out.

The trip was very special to me as the 'theme of the year' CARE was fully understood in essence my first ever visit has left a lasting imprint in my heart. The trip made me feel grateful for what I have I'm thankful for my family, my parents and my present.

I am thankful to our respected Principal for providing such a valuable opportunity.

The words

Do all the good you can, by all the means you can, in all places you can, to all people you can, as long as ever you can by Peace are going to play for ever in my mind

Sneha Nilayam - Suryapet

A LIFETIME EXPERIENCE

G. Sushmitha, X - A

Life is full of challenges to face, problems to overcome and experiences to learn. It is true that a few experiences can completely change the mindset of the people and the same thing happened with me when with three of my classmates and I were accompanied by Ms. Mohila Rani Ma'm visited BalikaVihar – Vijayanagar Colony, RadhakrishnaBalikaBhavan – Nanalnagar, Home for the disabled – Bansilalpet and VedikaNilayam (Boys) – Musheerabad. On the 24th of December, 2014.

We first visited BalikaVihar – Vijayanagar Colony where we saw several orphan girls being taken care of in a home like environment. We distributed clothes, soaps, detergents and blankets to them. We then visited RadhakrishnaBalikaBhavan – Nanalnagar where we saw several orphans children who were provided with almost all the facilities of education, medicine etc. We interacted with a few students. Our hearts were filled with happiness when we saw the smiling faces. We showed our warm affection and love in the form of gifts for them. VedikaNilayam (Boys) was the next place we visited where orphans boys welcomed us with a heart warming welcome song. A beautiful smile was seen on their faces when we distributed gifts to them. The next visit was to Home for the disabled – Bansilalpet which was the home for specially abled people. We were amazed at their hospitality. Our hearts melted when we saw people of all the age groups who had no one on earth to take care of them. The sparkling smiles on their faces showed their longingness to meet people. Our hearts were filled with happiness as we know that God almighty would bless us abundantly.

I would like to place my sincere thanks to Dr. Rev. Bro. A. Anthony Reddy, our Principal for giving us this wonderful opportunity to visit the above mentioned places. It was surely a memorable

experience to meet those amazing people. I would also like to thank Little Flowers for their generous contributions in these social service activities. It was indeed a lifetime experience.

250 children,liberated from child labour by the Hyderabad city police are housed at Don BoscoNavajeevan , Ramanthpur, were timely helped by our Little Flowers.Students contributed 9 bags of rice,2 bags of dal,2 bags of soaps,5kg potatoes,2520 Yippee Noodles packets,500 cheese wafers.

14thFeb , 2015

Lillipur

Rural Development Centre, Girls

Class VII

Visit to Lillipur

Taufeeq, VII – A

At last, finally the day came when we students of Class VII visited to Lillipur. It's 17 Kms away from Shamshabad. We boarded the bus at 1.30 pm. Bal Reddy sir, Sister Rajitha and Mohila Rani madam also accompanied us. It took 1 hr 10 min for us in the bus. Finally we reached Lillipur. While we were in the bus we saw a number of rice and sugar cane plantations. After reaching the spot we met the Sisters of the House. First we saw the rural development centre. We were asked to take a tour of rest of the area. As we were walking, something took our attention. It was the natural beauty of Lillipur. They were tall bamboo grass, ducks and many sc..plies of swans. There were wells and trees all around. It was just as a jungle calm and beautiful. As we moved forward there were many rabbits in cages. Some were white, some white and brown and some complete brown. We also saw 2 dogs they were very cute. On the right side of the garden they were chickens, small and cute. We were attracted by the flowers which were bright and beautiful. They smelled beautiful like their character. One spieces of flowers called Hollycorcks were in plenty. They were many kinds of... then we visited Golden Jublee Memorial which was opened by Dr. Gali Bali. We also saw the community hall which was inaugurated by SA Kullappa and Anne Mari Spies. Then we visited the church there was a huge bell and ballons on top and holy books on benches. The church was well furnished and well maintained. Then we took some snacks. Then we moved forward and there we saw houses of farmers. Their houses had wellmaintained gardens. There we met a sister her name is Poulina and she teaches crafts to the orphans. She showed us many glass paintings and show pieces made of junk. The art was impressive. Then we were given time to interact with the girls who learn stitching. After interacting we distributed sewing machines to them. They were very happy after receiving the gifts. We all took snacks with them. Then we were given some time to play. We played many games like kabbaddi and kings. Then, it was time to say goodbye to Lillipur. We wished them best of luck for their future and they gave us greetings too! Then we started our way back to school. While returning it took ... 30 min as traffic was more in bus we played, Antakshiri.

Then we arrived 30 min. earlier than the expected time. So, we played basket ball. Then one by one we started to leave as our parents arrived. It was a memorable trip to Lillipur.

Our Trip to Lillipur Sahil VII C

First of all I would like to thank our Principal Dr. Bro. A. Anthony Reddy for giving us this opportunity to visit the Home. We boarded the bus at 1.30 pm and reached there by 2.40 pm. We had a warm welcome by the members of the Home. Then we met the Sisters who take care of the girls. They took us inside, and when we entered we were shocked to see turkeys and chickens moving freely in the garden. We saw Rabbits and 2 cute Pomararians. As we proceeded we saw a garden filled with different types of flowers and the floor was filled with rocks. Then we met our Principal who gave us an inspirational speech which told that we were very lucky to have good parents. They showed us the art work done by the girls which was marvelous!. They used waste paper and foil. Then we interviewed a girl, her name was Amira she was from Dubachulga a place nearby. She has been learning stitching Tailoring and embroidery work and in the free time she played kabaddi with her friends. In future she wanted to learn computers. Then we distributed sewing machines so that they should not depend on others. Then we took a group photo. Then we got a break, we played kabaddi and climbed trees.

Then we boarded the bus at 3.50 pm. while we were returning we saw the fields, cotton trees, rice fields and so on... The place was filled with greenery. It was very beautiful. The flower which we used to reach the village was so large that it took us 30 minutes to cross the whole flyover. I think this experience was like a dream come true. I always wanted to play in a place filled with green trees and beautiful flowers, at last my dream has come true after visiting the place.

K. Saumya, VII E

A group of 20 students of class VII were selected to visit a vocational school in Lillipur on the 14th of February, which was a Saturday.

After school we ate our lunch and boarded the bus at around 1:30 pm and reached there by 2:40 pm. We were accompanied by Ms. Mohila, Mr. Bal Reddy and Sr. Rajitha.

We were impressed by the cleanliness and hygiene in the campus. The institution we visited gave training to village girls who were uneducated because they were very poor. We interacted with the girls who were being taught by the sisters of the Home. There they stitch, draw and do other activities. We gave them the biscuits and snacks we brought along with us for them. It touched our hearts to see them smile at our little gesture.

The place around was ... green. There were many kinds of farm birds like turkeys, hens, swans and ducks. We even saw a few cages with rabbits of different kinds. They looked very cute.

We even saw a few pomoreraing dogs wagging their tails and running about. There was a nursery in the campus with rare and different flowers.

We went into the St. Thomas Chapel and spent a moment in prayer. Then we event for a tour around Lillipur village.

After that we were given some time to see the glass paintings done by the girls.

Our school had purchased ten sewing machines which were given to the girls. The sewing machines were purchased with the money donated by our parents towards life line.

Before departing we had fun climbing trees and playing games.

After spending quality time at Lillipur it was time to leave. We reached back to school by 5:40 pm.

On behalf of the students of the class, I take this opportunity to thank our Principal, Rev. Anthony Reddy for this memorable trip.

S. Spoorthi, VII D

It was Saturday, we reached Lillipur by 1.45 pm. All the girls there and sisters welcomed us near the gate. We had a conversation with the girls and with their parents. After that we went to see the village. We went inside the school. We saw many flowering plants. There were different types of flower. We saw rabbits also a few of our friends fed the rabbits. There were two dogs also. We saw hens and turkeys. Afterwards we went to a room where all the paintings were displayed which were done by Sister Parmeela. Her paintings were fabulous. We saw all the paintings which were made of waste materials. After some time our school Principal arrived there and we distributed the sewing machines to the girls. Mrs. Mohila Rani teacher and Mr. Bal Reddy Sir accompanied us. We enjoyed playing in the garden .Girls played kings and boys played Kabbdi.

At 4:15 pm we started our journey back to school. At 5:30 pm we boarded our bus. It was an enjoyable trip. The conversations touched our heart.

We thank our Principal Dr. Bro. A. Anthony Reddy for giving us the opportunity for this trip to Lillipur. We cannot forget this trip especially I.

Thank you.

We started from our school at 1:30 pm and reached there at 2:40 pm. We saw different types of plants there. We went inside a home were we saw some rabbits and 2 dogs. There was a flower garden. There were different types of flowers. There were some small chicks. Idol's of Jesus Christ. There was a church, where we prayed for some time. Behind the church there was Mother Mary's Idol. Then we went to see the village. There were different types of birds like hens, swans, Turkeys. We saw some glass, foil paintings. The teacher was S. Paulinee. They made the paintings with

waste materials like paper and sponge. Then we gave some biscuit packets to them. Then we saw some peacocks, flowers etc... We had a conversation with the Sisters. Her name was Sri Latha from Immularva. She was having a moteran elder and younger sisters. She studied till Inter. Then we gave them sewing machines to all of them. Then we played for some time. Then we started travelling from Lillipur 4:30 pm and came back to school 5:35 pm.
