### **UNFORGETTABLE TRIP TO LILLIPUR**

It was the first of July when 13 students from class V were selected to go to a village called Lillipur. We travelled to the village by a minivan. We were going at a speed of 90 km/ph on a bridge which was 12 km long. While travelling on the bridge I saw so many big buildings, trees with flowers and I also saw a big green land. And I also saw many food container trucks and I also saw a horse like cloud in the sky. When I got down from the van I met so many children and asked them what do you do in school and at home? They told that they study and play. After some time we gave them biscuits, pens, books. After that we went to a village development centre. There we saw some young girls learning stitching and some L.K.G. children learning ABCD. I even saw projects made by them, they were so beautiful. Such poor people also learn some nice things. I also saw glitter drawings. After that we were, feeling tired so, we went to a garden and saw beautiful flowers. At that time we relaxed then we saw rabbits in cages. After that we went to a house and sat for some time and drank water and returned to school.

**VISIT TO ZPHS, HASMATHPET**

On Saturday that is the 25<sup>th</sup> of July, all the members of the deputy cabinet accompanied by Mohila Mam, Mary Ann Mam and Dr. Bro. A. Anthony Reddy, Principal went to the Zilla Parishad High School at Hasmathpet, Bowenpally. It was not a well developed school. We went there to donate about 7000 books to the students studying there.

When we reached the school, we first met the Principal who welcomed us warmly. We were surprised when we realized that he was blind and yet managed the school. It was motivating to see a visually challenged person in such a responsible position. He told us that ZPHS had two streams. One Telugu and another English medium. After interacting with the Principal, we gave seven books to each student. They were visibly happy and grateful for our support.

A few students shared their views about how to utilize the notebooks effectively and the importance of education in their lives. Bro. A. Anthony Reddy shared the history of Montfort and the St. Gabriel Brothers with the students. In our interaction with those students, we answered a volley of eager questions about our school, our pattern of study, our fee structure and so on. We could sense their curiosity to know even more but unfortunately it was time to leave.

We bid them goodbye and reached our school at about 4.00 pm. This experience has made me realise how privileged I am to be studying in a school which provides a numbers of facilities. I thank the teachers for facilitating this enriching visit and Bro. A. Anthony Reddy, our Principal for giving us this opportunity.

All the Deputy Cabinet members were called by Mohila ma'am. Ma'am told us we are all going to distribute 7000 books to students of Hasmathpet Govt. School. We all felt excited on hearing that news. We took an acknowledgement from our parents and gave it to ma'am. On 25<sup>th</sup> of July i.e. on the parent teacher meeting day all the dept. cabinet members came to school and we all started at 1.00 pm from school with 6600 books in a travel bus. We reached that school approximately at 2.00 pm and we got down the bus. As we walked into the school we were shocked to see their pathetic state. They didn't have any facilities and no proper teachers. The students told us they didn't have enough money to buy the books. Then we took out the books from van and put them in 2 rooms. After some time our Principal Rev. Bro. Dr. A. Anthony Reddy gave an inspiring speech to those students. After his speech we saw the tears of joy in most of the students. Then we distributed the books to the students of classes 9<sup>th</sup> and 10<sup>th</sup>. Few of the students gave good speeches in sweat English. We all interacted with few a students. We felt very happy by donating the books. We thank our Principal for giving us such a wonderful opportunity.

A big thank you to all our dear teachers. Thank you!!

#### **VISIT TO A GOVERNMENT SCHOOL**

On 25<sup>th</sup> July, 2015 accompanied by our Principal and a few teachers, we set out on a journey to a government school named Zilla Parishad School. Our aim was to distribute books to the children of this school.

There was a teacher in the school who welcomed us. We spoke to him and got to know a lot of things about the functioning of the school. The school was very small and had just a few rooms. There was no electricity in the school and the condition of the school was very pathetic.

Each one of us bought a few biscuit packets and these were distributed among the children there. Then there was a small gathering where two or three of them introduced us to the school. After that we distributed the books to the students and they were very happy to receive them. Their smiles bought smiles on our faces too as we experienced joy in giving. Their smiles in spite of their hardships motivated us to be optimistic.

Then we had a small conversation with them. It was great speaking to them. After distributing the books and exchanging a few words with them, we left the place and reached our school. It was really a nice experience. I thank our Principal for giving us this opportunity.

## **SYED MOHAMMED HASHMI – IX B MY EXPERIENCE**

“A tree is known by its fruits, a man is known by his deeds, a good deed is never lost he who sows courtesy reaps friendship and he who plants kindness gathers live.” – Dennis Prager

On Saturday, the 25<sup>th</sup> of this Monday, the Deputy Cabinet members accompanied by Rev. Bro. A. Anthony Reddy, Mohila Rani Ma’am, Mary Ann Ma’am and Abhilash sir visited Zilla Parishad High School, Hasmathpet. We collected about 7000 note books for the students of that school. We left for ZPHS around 12’0’ clock in the room in a bus.

The students were delighted to see us there. They conducted a little assembly for us and started it with welcome address followed by the Principal’s speech. I was shocked to see that the Principal of ZPHS was blind. We then had a tour of the school and the classrooms were small and there were about 40 to 80 students in each class.

We later distributed the notebooks and biscuits to them. They were extremely happy to receive us. They also helped us in arranging the notebooks in the office. Before leaving, there was a note of thanks and they thanked us for our little gesture.

You don’t need a reason to help someone. So help the needy and be kind to everyone because kindness is a language that the deaf can hear and the blind can see.
