Glimpses of Little Florets

Dear Parents,

Greetings of the season !

"The highest education is that which does not merely gives us information but makes our life in harmony with existence." Gurudev Rabindranath Tagore

As we near the conclusion of another academic year, I want to take a moment to reflect on the incredible journey we've undertaken together and express my gratitude for the collective efforts that have made this year a success. This academic year has been filled with challenges, triumphs, and moments of growth for both students and staff. Our students have excelled in their academic pursuits, showcasing their intellectual curiosity and a commitment to excellence. Their achievements, both inside and outside the classroom, are a testament to their hard work and determination. As we prepare to bid farewell to the current academic year, let us also celebrate the friendships formed, the lessons learned, and the memories created. Looking ahead, I am optimistic about the future and excited for what the next academic year will bring. Wishing each and every one of you a restful and rejuvenating break. May God bless you with good health and happiness.

Thank you for your continued support and dedication to Little Flower High School.

Proud Moment
