

LITTLE FLOWER HIGH SCHOOL

ABIDS, HYDERABAD - 500001

NEWS BUZZ - II TERM

Rev. Bro. Shajan Antony
Principal

*Dear Parents,
Greetings from Little Flower.*

"I never teach my pupils. I can only attempt to provide the conditions in which they can learn" - Albert Einstein.

As we close another term, we get a chance to reflect on our successes and accomplishments. Second term has been an exciting term, full of festivities, competitions and performances for the students. Now is a time to take stock of the year and push to complete goals before we ring in the new one. The theme of the year Innovate Adapt and Transform has inspired us to keep evolving, nurturing a competitive spirit and transform ourselves to a better version. Learning is truly at the centre of what we do each day in our school. It's my proud privilege to be busy in planning, educating and nurturing these Little Flowers and see them do well in all spheres of life.
